Oil & Gas Industry of Iran

Iran oil industry with proven crude oil reserves of 155 billion barrels and relatively low cost of production offers the most attractive investment opportunities. The plan is to increase refining capacity from 1.6 mb/d to 3.3 mb/d and also further develop the petrochemicals downstream chain. Some of the opportunities of Oil & Gas of Iran, include:

- ◆ Estimated total required upstream investments of \$200 Billion USD in 3 years and downstream investments of \$40 Billion USD.
- ◆ Iran Petroleum Contract (IPC) terms compared to Buyback contracts;
- ◆ Natural gas projects (demand for domestic & injection purposes);
- ◆ Plan to build 11 mini-refineries with a capacity of 10,000 b/d each;
